A MESSAGE FROM THE MAYOR AND CITY ADMINISTRATOR

Happy New Year to everyone. This edition of The Lighthouse will focus on a look back on 2023 and a glimpse of 2024.

The City of Clinton remained financially strong in 2023, with a 7.48% growth in assessed valuation, which equals approximately \$75 million in additional valuation. Rightly so, assessed valuation did increase through the County Assessor's Office, but the tax rates for next year will be adjusted with the 46% residential rollback. Thus, with the residential rollback and the City property taxes being lowered again (continuing to remain below the 14-year City property tax average), taxpayers will see little to no change in the taxes paid for the City of Clinton.

The City had four (4) Council Members and Mayor re-elected and returning; the Council updated 28 ordinances (making 83 updates over the last 7 years); the City Departments worked with University of Iowa undergrad and graduate students (110 students) to complete 20 projects for the City; the City partnered with four local businesses and the State of Iowa; East Central Intergovernmental Association (ECIA) oversaw a \$800,000 facade project; The Lighthouse newspaper that you are currently reading celebrates its 5th year of being sent once a quarter to every resident in Clinton (big thanks to The Clinton Herald for our partnership); and the 1st Annual Tailgate N' Tallboys USA Concerts series saw over 30,000 attend.

The Police Department received the GOLD Lexipol award for 2022 based on excellence in policy management. That same policy management has attributed to lowering the crime rate in the City by 12.2%, while responding to 39,513 calls for service and now owning the Police Station. Public Safety continued to remain a priority, with the Fire Department completing 4,218 Emergency Medical Services (EMS) calls for service and responding to 116 fires for the year.

Staying safe and taking advantage of all the City's amenities and activities, Parks and Recreation saw 3,075 youth sports participants, 98 adult teams and 20 tournaments, and had a 20% increase in memberships for The Rec Fitness Center. Parks and Recreation, working with Public Works and a third-party contractor, completed the Skate Park on the Riverfront - the first rip and dual pump track in Iowa. Speaking of parks, the initial steps at the Eagle Point Park Castle were redone by Public Works and a new barrier wall project was begun in two overlook areas of the Park.

Several City Departments and Boards deserve "Shout Outs" for outstanding work. The Clinton Municipal Airport was awarded the Distinguished General Aviation Airport Award by the Federal Aviation Administration Department of Transportation. The Municipal Transit Administration (MTA) was awarded the Small Regional Bus Department of the Year by the Iowa Department of Transportation. These were terrific honors for both the Airport and the MTA. The Parks and Recreation Department worked with Trees Forever and the Tree Commission to ensure the City remained a designated "Tree City USA" for the 34th year in a row. For FY2023, the Clinton Public Library saw 43,122 visitors, had 6,384 people attend live Library programs, and averaged of 28 programs per month. The final shout out goes to the wonderful murals on the old McEleney building as part of the 'Paint It Back' project, the mural at the LumberKings Stadium through Synergy and the City of Clinton, and the two murals added to the City's Pump Station next to the Skate Park, both sponsored by the Downtown Alliance and the City of Clinton.

On the construction side of things, the Regional Water Reclamation Facility (RWRF) kicked off the \$130 million joint ADM and City project expansion (funded by ADM). Just drive on Highway 67 off Highway 30 towards Camanche and one can see the progress. Meanwhile, the Engineering Department had another extremely busy year with a new 28th Avenue North Pump Station, 1st Avenue and 8th Avenue sewer separation projects, and street improvements on McKinley Street from 33rd to 36th Avenue North, South 3rd and 4th Streets, 2nd Avenue South east of South 2nd Street, North 4th Street into the cul-de-sac, 28th Avenue North., North 5th Street, 5th Avenue South, College Avenue and South 18th Street, South 7th Street reconstruction and a new construction road 36th Avenue South off South 54th Street at the Rail Park. This held the pavement management "condition index" at 61, while investing \$3.4 million annually in the City's roads. The Engineering Department also managed the construction of the City of Clinton Pavilion over Roosevelt Street and the Quiet Zones Phase I Project (\$2 million), which was completed from 6th Avenue South to 9th Avenue North (the north end will be finished in 2024).

The Community Development Department continues to ensure the City maintains the right path forward on eliminating blight and nuisance properties. The goal through the International Property Maintenance Code (IPMC) is to ensure safe and livable units for all our citizens. In addition, the goal of the IPMC is to work on saving structures. Community Development works closely with the City's legal team on the primary goal of having property owners take responsibility and fix major issues at their property. If the owner isn't willing to work with the City, then the next step is to take owners of blight and nuisance properties to Court in attempt to achieve remediation of the blight and nuisance situation. In 2023, the City had 53 property owners that were directed by judges to fix or demolish their blighted and nuisance properties, of which, 33 properties were fixed by the owners while 20 were demolished by the owners. In addition, the City demolished 15 separate properties that the City took ownership of prior to completing demolition. The City received a \$500,000 EPA Brownfields Cleanup Grant for the 1000 block of South 4th Street (across from Hy-Vee). This grant will assist the City in demolishing the structures along this corridor (to occur in 2024) as well as reuse planning to help prepare the area for redevelopment.

On the economic development side of things, **Atlas Roofing Corp.** - Rail Park project: \$243 million investment and 117 Jobs; **Valley Bluff Apartments** now have 180 of 231 units built; and the **Miles Communication** and City partnership saw **Fiber Optics** installed throughout the City and connections for the City, County and Schools to be completed in the near future. The Downtown saw the completion of the **Wilson Building** (originally built in 1906), with 33 apartments, the opening of **Geome** in the Makers on 5th space and the **Soi 5 Thai restaurant** in Clinton Culinary. Both areas used to be where JC Penney's was located. Economic Growth Corporation ensured history was preserved by hanging up the original JC Penney sign. The Downtown

also saw the **Great Revivalist Brewery** open in a church originally built in 1898 as St. John's Episcopal Church, the opening of **The Rusty Barrel Lounge**, and new ownership of the Ankeny Building with SOLE (Seed of Liver Experience).

The **Clinton High School** Fine Arts Wing started and the High School Synergy personnel tackled food security raising over \$8,000. The City continued to work with Retail Strategies on several national retailers, both food and merchandise, some of which will be opening in 2024. Progress is being made at **Cottage Bluff** (former Mount Pleasant Park), a \$7.8 million project, and the 39 apartments (for those 55+) will be completed and occupied in 2024. The City sold 4.99 acres at the **Rail Park**, with **Quality Concrete** now having a presence at the **Rail Park**. The City has a pending sale in 2024 of 134 acres sale at the **Rail Park**. The new **"Lighthouse Autism Center"** opened at the Lyons Tech Park, serving over 40 families. **Nestle Purina** kicked off another large (\$100 million) project to construct an **Automatic Storage and Retrieval System (ASRS)** that will add 15 new jobs.

The old Lafayette Building was purchased by **Bush Construction** and they have an active Development Agreement with the City to conduct a \$19.2 million complete renovation project for over 60 apartments. Both **Riverstone Crossing** and **Zara Heights** were housing development projects in 2023, with 3 and 1 homes, respectively, built thus far. The old Ashford Campus has new life with the **"Lighthouse School"** now called **"Diamond Star Academy"**; the new owners were busy in 2023 with renovations and are postured to begin while waiting on accreditation. The City of Clinton, through the Building and Neighborhood Services Department (BNS), processed permits for over **\$54 million worth of PRIVATE capital improvements** to single-family residences and apartments in Clinton.

In 2024, the City will celebrate its 167th anniversary as a City. The City will have another solid **budget** and savings to the citizens and it will be the first full year of the **City owning its own Police Station**. Continued enhancements to the City will include **sculptures near the River**. The City is joining the Quad Cities "Public Sculpture Program", with 4-5 sculptures to be placed in different locations starting at the Mississippi River. **Eagle Point Park** will continue to see enhancements both on the safety front but also amenities, with an updated floor at the Lodge, steps on the outside of the Lodge and new, safe overlooks at the Castle and Pavilion. As mentioned kicking off in 2023, the **Regional Water Reclamation Facility (RWRF)** work will continue all year in / around the RWRF as clarifiers, digestors and more will be built, all part of the joint partnership with ADM and the City on a \$130 million project to be operational in 2025. **The Fire Department** will see their robust new training area complete (at the Miller Ridge Area off 25th Avenue North) and being utilized by all firefighters in the area. **The Engineering Department** will remain focused on Pavement Management, with \$3.4 million once again invested for 2024-2025; one of the larger projects in 2024-2025 will be the reconstruction of **Springdale Drive** from 13th Avenue North to 19th Avenue North. In addition, other street projects include **North 13th Street** by Whittier Elementary, the 1000-1100 block of 10th Avenue North, and Main Avenue from North 3rd Street to the levy, with intersection improvements at Main Avenue and North 2nd Street, along with intersection work at 19th Avenue North and North 2nd Street leading to the bridge. The largest project will be the kick off for the \$40 million project (\$22.1 million from Federal and State funding) of **Manufacturing Drive**.

The **MTA bus and transportation system** will see a new bus stop (currently under construction) completed in 2024 at South 2nd Street and 6th Avenue South. The City will maintain its focus on cleaning up blighted and nuisance properties with **demolition** of the structures in the 1000 block of South 4th Street and mitigation of the YMCA

building. The **Library** updates continue, with the migration of genealogy items from the Lyons Library down to the Main Library and the Friends of the Library moving to the Lyons Library. The City will continue to harness the positive momentum of **Economic Development** with several new restaurants in town, a couple of more retail businesses, continued renovations of existing buildings (Lafayette and YMCA for example), and new buildings going up for folks to live in. This effort to continue to expand housing is not just for the new businesses like Atlas Roofing, but also for small business owners and restaurants, to ensure adequate housing is available for those working in Clinton.

Speaking of the **Rail Park**, we will see vertical construction at Atlas Roofing and the start of a new road 36th Avenue South, coming off 380th Street, cutting through the middle of the Park (paid by the Iowa Department of Transportation and Atlas), along with public rail installation by Atlas Roofing. The City looks forward to seeing a long-coordinated project coming to fruition, Project M.G., that is forecasted to be a \$1.3 billion project. The project will occupy over 134 acres of current City-owned land and bring over 70 jobs. The intent is to close on the property, codify a Development Agreement with the City, and break ground in the summer of 2024.

To ensure all current and future citizens and visitors may find their way around, new "Way Finding" signage will be added and the old signs removed.

We look forward to seeing and visiting with all those that will be attending the 2nd Annual Tailgate N' Tallboys USA Concerts event on June 6th, 7th and 8th on the riverfront.

All in all, we are looking forward to 2024 and all the wonderful things to come.

As we all strive to make the City better each and every day, James Baldwin's quote that refers to a City truly coming together seems fitting, *"We can disagree and still love each other unless your disagreement is rooted in my oppression and denial of my humanity and right to exist."*

SOLID WASTE DEPARTMENT:

UPCOMING COLLECTION DELAYS:

Be aware of changes in garbage, yard waste, and recycling collection schedules during holidays.

PRESIDENT'S DAY – MONDAY, FEBRUARY 19TH

There will be NO collection delays this week. Routes will be collected as normal.

EASTER – SUNDAY, MARCH 31ST
(INCLUDING GOOD FRIDAY, FRIDAY, MARCH 29TH)

There will be NO collection delays the week before or the week after Easter. Routes will be collected as normal.

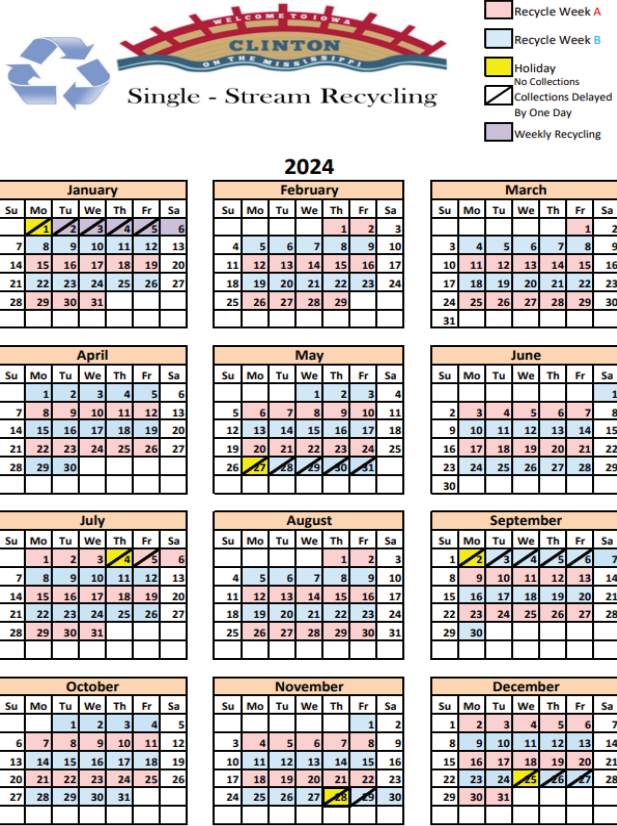

MEMORIAL DAY – MONDAY, MAY 27TH

MONDAY, MAY 29TH

NO garbage/yard waste/recycling collections. Collections will be delayed by one day for the rest of the week.

Monday's Routes – Will be collected on Tuesday, May 28th.
Tuesday's Routes – Will be collected on Wednesday, May 29th.
Wednesday's Routes – Will be collected on Thursday, May 30th.
Thursday's Routes – Will be collected on Friday, May 31st.
Friday's Routes – Will be collected on Saturday, June 1st.

The City of Clinton's Streets and Solid Waste Departments are committed to providing top-notch services to our residents. We encourage everyone to be mindful of the ordinances and participate actively in keeping our City clean and orderly. Your cooperation and support are key to our success. Thank you, residents of Clinton, for your continued commitment to our community's well-being. For more information, suggestions, or to sign up for alerts, please visit www.cityofclintoniowa.gov.

CITY OF CLINTON RENTAL CODE

Iowa Code 364.17 states all communities with a population of 15,000 or more must adopt a rental housing code. Rental codes ensure buildings and structures are maintained at a minimum level to ensure the health and safety of the tenants and resilience and sustainability of the structure. Not only does rental code provide a standard benchmark all rental owners must meet, they establish a building’s safety and usability for years to come.

The state of Iowa rental code is 562A, Iowa Landlord and Tenant Act. This code details procedures for eviction and rights and responsibilities for both the landlord and tenant.

Section 562A.15 states the landlord shall:

- Follow building and housing codes that affect health and safety in an important way;
- Make repairs to keep the house or apartment in a fit and livable condition;
- Provide for garbage receptacles and removal;
- Supply hot and cold running water and heat, unless the tenant pays the utility company directly, and the water heater and furnace are under the tenant’s control;
- Keep areas used by the tenants of more than one apartment clean and safe; and
- Keep facilities and appliances such as electric wiring, plumbing, heating, and air conditioning in good and safe working order.

Section 562A.17 spells out tenant responsibility as:

- Follow any building and housing codes that apply to tenants, and that affect health and safety in an important way;
- Keep his or her living area clean and dispose of garbage properly;
- Properly use all appliances and facilities such as plumbing, heating, wiring, air conditioning;
- Not damage or abuse the apartment on purpose or carelessly, or knowingly allow someone else to do so; and
- Avoid doing things that will disturb the neighbors’ peace and quiet.
- A landlord can take certain steps if a tenant fails to comply with the law or the rental agreement.
- If the tenant violates his or her duties, like not paying rent, the landlord may cancel the rental agreement by giving written notice. In most cases, the landlord has to give the tenant a chance to fix the problem. Once the landlord takes proper steps to cancel the agreement, he or she must file a court action. The court can act to remove the tenant from the rental unit if the tenant fails to move. It is illegal for a landlord to try to force a tenant to move by any other means, such as changing locks or shutting off utilities.
- In some cases, if a tenant damages the property, the landlord may require the tenant to pay for repairs.
- If your landlord fails to main the property

or make repairs, or does not perform duties outlined in local and state codes, the tenant may end the lease by giving a proper written notice. In some cases, the tenant must give the landlord a chance to fix the problem(s). Sometimes the tenant can make repairs and deduct the cost from rent owed to the landlord. Very specific steps must be taken to end an agreement or withhold rent and legal advice should be obtained before these steps are taken.

If a landlord fails to make repairs or maintain the rental property the tenant must give the landlord a written notice requesting repairs. If the landlord does not make the requested repairs you can contact Building & Neighborhood Services to file a rental complaint. The complaint must be in writing, must detail steps taken to communicate concerns with the landlord, and any evidence of violation(s). Once a complaint is received a Code Enforcement Officer will investigate the complaint and take appropriate action, to include inspecting the rental property, to ensure the properties complies with all rental code.

Section 562A.36 states a landlord may not retaliate by increasing rent or decreasing services or by bringing or threatening eviction after the tenant has complained to a governmental agency charged with responsibility for enforcement of a building or housing code of a violation applicable to the premises materially affecting health and safety.

Along with the requirements spelled out in Iowa Code Chapter 562A, the City of Clinton adopted a rental code. Code of Ordinances Chapter 155, Rental Property Code, establishes a dwelling unit rented or leased to an occupant or occupied by a party or parties who are not the owner of the property, but who are occupying the property with the express or implied consent of the owner, is considered a rental and must be registered with the city and must a rental inspection every two years.

The City of Clinton in 2019 adopted the 2018 International Property Maintenance Code as its minimum standard all rentals must meet. The 2018 International Property Maintenance Code is part of the of International Code Council (ICC) I-Code set, which is a family of codes. As stated, all rentals within the City of Clinton must be maintained at a minimum standard at all times. Those standards are spelled out in City of Clinton, Code of Ordinances, Chapter 155.13 and the 2018 International Properties Maintenance Code.

If you feel your landlord is not maintaining your rental unit and need assistance, below are phone numbers of agencies or organizations that may be able to provide you further guidance or assistance.

ELECTRIC SERVICE- IS YOURS SAFE?

Have you taken a look at the condition of the wires of the electrical service located on the exterior of your home lately? If you have, and noticed dangerous-looking (bare and exposed) wires protruding and are wondering what to do with them, continue reading. If you haven’t taken a look, you may want to set this paper down and go do so now, as we’ve been finding increased numbers of hazardous main electrical services in need of repair. Many years ago, main electrical services were installed using service entrance cables. These cables were not protected in conduit (pipes), and have been exposed to direct sunlight ever since. As these cables age, their protective coverings beginning to deteriorate, and when the protective coating finally fails, the wires underneath end up bare and exposed. Bare

and exposed service entrance cables can be very dangerous and create a significant risk for fires and electrical shocks. So, what can you do to ensure that your electrical service is safe? First, you can contact a licensed electrician and request an inspection of your electrical service. If hazards are found, your electrician can give you an estimate on what it will cost to upgrade the service. Upgrades require a building permit, which your electrician will obtain from the building department, and then they’ll work with the inspectors to ensure that all repairs are installed in a safe and code compliant manner. Although we don’t do electrical inspections without a permit in place, if you have any questions regarding your main electrical service, contact the Building & Neighborhood Services Department today.

DO I HAVE BED BUGS?

A common complaint we receive at Building & Neighborhood Services is regarding an apartment or house having bedbugs. Once thought to be largely eliminated in the United States, bedbugs have again become a problem. Bedbugs easily travel from one location to another and spread rapidly in connected living spaces such as apartment buildings. Often by the time an individual has discovered visible evidence of bedbugs, the infestation has become widespread. It is a common myth that bedbug infestations arise from unsanitary living conditions. While excess clutter can provide bedbugs with more opportunities to hide, bedbugs can be found almost anywhere.

Signs you may have bedbugs?

1. Bedbugs, including their eggs, are visible to the naked eye. However, because bedbugs are only about the width of a credit card, they can slide into very small places.
2. Bedbugs shed their skin, so you may see “bug shells” in your home.
3. You may have small blood stains on your sheets or pillows.
4. Bedbug bites generally look similar to other insect bites, though they may be lined up in “row” of bites. Common areas for bites are the arms, hands, face and neck.
5. Small reddish or brownish spots on linens are often the first sign of an infestation. These spots are the bedbug’s droppings and may bleed on the fabric like a marker would.

Preventing and Getting Rid of Bedbugs
From the Environmental Protection Agency

Bedbugs feed on your blood and cause itchy bites. Adult bed bugs are brown, 1/4 to 3/8 inches long, and have a flat, oval-shaped body. Young bed bugs (called nymphs) are smaller and lighter in color.

Bedbugs hide in a variety of places around the bed. They might also hide in other places, such as in the seams of chairs and couches, between cushions, and in the folds of curtains. They come out to feed on blood about every five to ten days. But they can survive over a year without feeding.

To prevent bedbugs in your home:

1. Check secondhand furniture for any signs of bedbugs before bringing it home.
2. Use a protective cover that encases mattresses and box springs. Check it regularly for holes.
3. Reduce clutter in your home so they have fewer places to hide.
4. Unpack directly into your washing machine after a trip and check your luggage carefully. When staying in hotels, put your suitcases on luggage racks instead of the floor. Check the mattress and headboard for signs of bedbugs.

To get rid of bedbugs:

1. Wash and dry bedding and clothing at high temperatures.
2. Use mattress, box spring, and pillow encasements to trap bed bugs and help detect infestations.
3. Use pesticides if needed.

The good news? Unlike some other pests, bedbugs don’t transmit and spread diseases.

Top Ten Bed Bugs Tips from the
Environmental Protection Agency

1. **Make sure you really have bedbugs, not fleas or ticks or other insects.**
2. **Don’t panic!** Don’t throw out all of your things because most of them can be treated and saved.
3. **Think through your treatment options -- Don’t immediately reach for the spray can.** Integrated pest management (IPM) techniques may reduce the number of bedbugs and limit your contact with pesticides.
4. **Reduce the number of hiding places -- Clean up the clutter.** A cluttered home provides more places for bed bugs to hide and makes locating and treating them harder.
5. **Regularly wash and heat-dry your bed sheets, blankets, bedspreads and any clothing that touches the floor.**
6. **Don’t rely on do-it-yourself freezing as a reliable method for bed bug control.** While freezing can kill bed bugs, temperatures must remain very low for a long time. Home freezers are usually not cold enough to kill bed bugs.
7. **Use heat to kill bed bugs, but be very careful.** Raising the indoor temperature with the thermostat or space heaters won’t do the job. Special equipment and very high temperatures are necessary for successful heat treatment.
8. **Don’t pass your bedbugs on to others.** Bedbugs are good hitchhikers. If you throw out a mattress or furniture that has bedbugs in it, you should slash or in some way destroy it so that no one else takes it and gets bedbugs.
9. **Reduce the number of bedbugs to reduce bites.**
10. **Thorough vacuuming can get rid of some of your bedbugs.** Change the bag after each use so the bed bugs can’t escape. Place the used bag in a tightly sealed plastic bag and in an outside garbage bin.
11. **Turn to the professionals, if needed.** Hiring an experienced, responsible pest control professional can increase your chance of success in getting rid of bed bugs. If you hire an expert, be sure it’s a company with a good reputation and request that it use an IPM approach.

I think I may have bedbugs. What should I do?

1. If you live in a rental, notify your landlord. Depending on the circumstances, the property owner may be responsible for the elimination of all infestations.
 - City of Clinton Iowa, Code of Ordinances Chapter 155.19 (L) states “Every owner of a dwelling containing two or more dwelling units shall be responsible for the extermination of insects, rodents or other pests on the premises. Whenever infestation exists in two or more of the dwelling units in any dwelling, or in the shared or public parts of any dwelling containing two or more dwelling units, extermination thereof shall be the responsibility of the owner.”
2. Contact a professional exterminator, throwing away furniture and using spray or powders purchase at the local store will not eliminate bed bugs.
3. Cooperate with extermination efforts.
4. Reach out to Building & Neighborhood Services with any questions or concerns.

CLINTON POLICE DEPARTMENT

BEWARE OF TAX SEASON SCAMS: A Community Alert from the Clinton Police Department

As we embark on the familiar journey of tax season, it's crucial to be on high alert for devious tax scams. Each year, countless individuals fall prey to these schemes, and this year, we, the Clinton Police Department, are committed to ensuring you're equipped with the knowledge to protect yourself.

The Rising Tide of Tax Scams
Scammers, with their clever tactics, are targeting everyone – from the elderly to small businesses. They impersonate IRS officials through phone calls, craft phishing emails, and set up fake tax preparation services. These tactics are not just devious but also highly damaging.

Phishing, Identity Theft, and More
The most common scams include phishing

(emails and fake websites), threatening phone calls, stealing personal information for fraudulent tax returns, dishonest tax preparers, and fake charities. These scammers are clever, and they adapt their methods to seem as convincing as possible.

A New Scam Alert
Recently, on July 3, 2023, the IRS warned of a new scam involving a mailing that pretends to be about an “unclaimed refund.” The letter, riddled with odd phrasing and factual inaccuracies, is an identity thief's trick to get your personal information. It's a stark reminder to be vigilant.

Your Armor Against Scams
1. Know How the IRS Communicates: The

IRS usually contacts people by mail first, not via phone or email.

2. Guard Your Personal Information: Be wary of unsolicited communications asking for sensitive details.

3. Secure Your Online Presence: Use secure networks for online tax filing and have strong, unique passwords.

4. Choose Reputable Tax Preparers: Do your homework before entrusting someone with your tax details.

5. Stay Informed: Keep abreast of the latest scam trends and tactics.

How to Spot and Report Scams

- Be cautious of communications that don't seem right – odd punctuation, incorrect dates, and requests for detailed personal information are red flags.
- Never click on links or respond to messages claiming to be from the IRS.
- Report suspicious emails or texts to phishing@irs.gov and other relevant authorities.

Our Commitment to You
Your safety and security are paramount. We are here to assist and protect you from these nefarious schemes. Let's stand together this tax season, informed, vigilant, and secure.

Stay Safe, Stay Informed, and Report Suspicious Activity!

THE RISING PERIL OF FENTANYL: Understanding Its Impact on Accidental Deaths

Introduction
In the realm of accidental deaths, a new and insidious player has emerged, overshadowing traditional causes such as automotive accidents and falls. Fentanyl, a potent synthetic opioid, has become a primary driver of accidental overdoses, altering the landscape of public health concerns. This article delves into the complexities surrounding fentanyl, its widespread impact, and the urgent need for awareness and action.

The Fentanyl Crisis: A New Era of Accidental Deaths
The Overlooked Epidemic
Accidental deaths have long been dominated by automotive accidents and falls, but recent analyses reveal a disturbing trend: fentanyl-related fatalities are soaring, particularly among the youth and middle-aged populations. The alarming increase in such deaths can be attributed to the pervasiveness of fentanyl in various illicit drugs, often unbeknownst to users.

Understanding Fentanyl's Potency
Fentanyl, vastly more potent than morphine, poses a significant risk even in minuscule quantities. A mere milligram can be lethal, primarily due to its ability to induce respiratory inhibition, a critical factor in many overdose fatalities.

The Accidental Poisoning Epidemic
Infiltration into Illicit Drugs
Fentanyl has insidiously woven its way into numerous counterfeit drugs, ranging from opioids to stimulants. Users seeking substances like oxycodone or Adderall, often through informal channels such as social media, are unknowingly exposed to fentanyl-laced products. This trend underscores a significant shift in the drug landscape, where the pursuit of cost-effectiveness and potent effects by illicit manufacturers endangers countless lives.

The Alarming Statistics
Recent studies highlight a grim reality: deaths of despair, encompassing suicides, alcohol-related deaths, and accidental overdoses, are escalating at an unprecedented rate, with fentanyl use being a primary driver. The years 2019 to 2021 saw a staggering increase in such fatalities, underscoring the urgency of addressing this crisis.

Fentanyl's Far-Reaching Impact
Youth and Young Adults at Risk
The youth, often experimenting or seeking relief from mental health issues, are particularly vulnerable. The deceptive nature of counterfeit pills, combined with the unpredictable potency

of fentanyl, results in a perilous gamble with every use. This crisis calls for heightened awareness and education, particularly among young people and their guardians.

The Broader Societal Implications
Beyond the immediate health risks, fentanyl's proliferation poses broader societal challenges. It exacerbates the issues of drug addiction and mental health crises, straining public health resources and law enforcement efforts. Moreover, the grief and trauma experienced by families and communities due to these preventable deaths have long-lasting social repercussions.

Conclusion: A Call to Action
The rise of fentanyl as a leading cause of accidental deaths demands a multifaceted response. This includes robust public education, stringent regulation of drug manufacturing and distribution, and expanded access to addiction treatment and mental health services. Law enforcement agencies, healthcare providers, and community leaders must collaborate to combat this epidemic, prioritizing preventative measures and support systems. As a society, recognizing and addressing the fentanyl crisis is not just a matter of public health—it's a moral imperative to safeguard future generations.

HOW TO BECOME A POLICE OFFICER IN IOWA

Becoming a police officer in Iowa typically involves several steps. Here's an overview of the general process:

1. Meet Basic Requirements:

- Be at least 18 or 21 years old (depending on the department).
- Have a high school diploma or GED.
- Be a U.S. citizen.
- Have a valid driver's license.

2. Education and Training:

- Consider pursuing higher education in criminal justice or related fields. While not always required, having a degree can be beneficial.
- Complete a law enforcement training program approved by the Iowa Law Enforcement Academy (ILEA). Most agencies will require completion of the ILEA program as part of the hiring process.

3. Physical Fitness Test:

- Pass a physical fitness test, which may include running, push-ups, sit-ups, and other exercises.

4. Apply for Open Positions:

- Check for job openings with local police departments or sheriff's offices in Iowa.
- Submit an application for the position you're interested in.

5. Written Exam:

- Take a written exam to assess your knowledge of law enforcement procedures, ethics, and related topics.

6. Background Check:

- Undergo a thorough background investigation, which includes a review of your criminal history, employment history, financial status, and personal references.

7. Interviews:

- Participate in one or more interviews with representatives from the police department or agency.

8. Polygraph Examination and Psychological Evaluation:

- Some departments may require a polygraph examination and psychological evaluation to assess your suitability for the job.

9. Medical Examination:

- Undergo a medical examination to ensure you meet the physical requirements necessary for the job.

10. Training Academy:

- If hired, you'll attend the Iowa Law Enforcement Academy (ILEA), where you'll receive comprehensive training in various aspects of law enforcement.

11. Probationary Period:

- After completing the academy, you may undergo a probationary period where your performance is evaluated on the job.
- Additionally, maintaining a clean record, staying physically fit, and gaining relevant experience (such as through internships, volunteer work, or military service) can enhance your chances of becoming a police officer in Iowa.

CLINTON STREETS AND SOLID WASTE DEPARTMENTS

In Clinton, our Streets and Solid Waste Departments are dedicated to ensuring that our City's infrastructure and environment are maintained to the highest standards. From street maintenance to waste management, these departments are continuously working to keep Clinton clean, safe, and well-organized.

Streets Department: Maintaining Our City's Infrastructure.

The Streets Department in Clinton handles several critical responsibilities within the City's right-of-way. Their key tasks include:

Pothole Repairs: Quick response to repair potholes, ensuring safe and smooth travel.

Potholes are a common problem on roadways, and they occur due to a combination of traffic, weather conditions, and the natural aging of the road. Here's a basic explanation of why potholes form:

- 1. Water Penetration:** The primary cause of potholes is water penetrating the surface of the road through cracks. These cracks can be caused by the wear and tear of traffic over time or can be the result of environmental factors like freezing and thawing cycles.
- 2. Freezing and Thawing:** In climates with cold winters, the freeze-thaw cycle exacerbates pothole formation. When water seeps into the road through cracks, it freezes and expands in cold temperatures. This expansion can cause the road material to crack and break apart. When the ice melts, it leaves gaps or voids under the surface.
- 3. Traffic Pressure:** The passage of vehicles over these weakened spots in the road applies pressure, causing the surface to collapse and form a pothole.

Please generate a work ticket for any potholes you find at <https://clintonia.comcate.com/en> , click on “submit request” lower right corner.

Street Signage: Regular maintenance and replacement of street signs for clear navigation.

Street Sweeping: Keeping our streets clean and debris-free.

Snow & Ice Removal: Ensuring roads are safe during winter months.

Alley Grading: Maintaining the functionality of our alleys.

Right-of-Way Mowing and Weed Spraying: Preserving the aesthetic and health of our green spaces.

Debris Removal: Clearing fallen trees and branches to maintain safe roadways.

Solid Waste Department: Managing our City's waste efficiently.

Our Solid Waste Department plays a vital role in managing the city's waste systems. Their responsibilities include:

Collection Services: Efficient collection of garbage, yard waste, rubble and recycling using city-owned carts.

Solid Waste takes the following to the landfill annually.

Garbage – approximately 7,738 tons or 15,476,000 million pounds.

Yard waste and brush – approximately 1,826 tons or 3,652,000 pounds.

Rubble – approximtely 1252 tons or 2,504,000 pounds.

Recycling – approximately 952 tons or 1,904,000 pounds.

Cart Management: Handling orders for delivery and cancellation of city-owned waste and recycling carts.

CLINTON FIRE DEPT.

NEW HIRE

Hello, my name is Dylan Moss. It is a great honor to finally be apart of the Clinton Fire Department. I was raised primarily in the Goose Lake and Charlotte, Iowa area where I graduated from Northeast High School in 2016. In 2016, I joined the Iowa Army National Guard and spent 4 years with the 1034th CSC. During my time in the National Guard, I attended many military schools, conducted military funeral honors, and served one tour to Afghanistan. After my deployment, I returned home and met my amazing wife

AuBreeAunna. We enlisted into the Active Duty Army where we spent 3 years assigned to the 82nd Airborne Division located at Fort Bragg, NC. where I was Cavalry Scout and Paratrooper. Today, we have our beautiful 1-year-old daughter, Payton. During my time in the military, I was fortunate enough to obtain my National Certification for Emergency Medical Technician-Basic and my National Certification for Paramedic. I am proud to continue to serve my community and be apart of a new family where we strive to make a difference.

Do you have a person in your life who may be a hoarder? Hoarding is a condition where a person has persistent difficulty discarding personal possessions. The large amount of possessions fill the home and prevent the normal use of the space. Living space becomes cluttered. It may be unusable. Hoarding brings distress and emotional health concerns.

WHY HOARDING INCREASES FIRE RISKS

- Cooking is unsafe if flammable items are close to the stove or oven.
- Heating units may be too close to things that can burn. They might also be placed on unstable surfaces. If a heater tips over into a pile, it can cause a fire.
- Electrical wiring may be old or worn from the weight of piles. Pests could chew on wires. Damaged wires can start fires.
- Open flames from smoking materials or candles in a home with excess clutter are very dangerous.
- Blocked pathways and exits may hinder escape from a fire.

HOW HOARDING IMPACTS FIRST RESPONDERS

- Hoarding puts first responders in harm's way.
- Firefighters cannot move swiftly through a home filled with clutter.
- Responders can be trapped in a home when exits are blocked. They can be injured by objects falling from piles.
- The weight of the stored items, especially if water is added to put out a fire, can lead to building collapse.
- Fighting fires is very risky in a hoarding home. It is hard to enter the home to provide medical care. The clutter impedes the search and rescue of people and pets.

How Can You Help Reduce the Risk of Fire Injury

- ✓ When talking a person who hoards, focus on safety rather than the clutter. Be empathetic. Match the person's language. If they call it hoarding, then you can call it hoarding.
- ✓ Help the residents make a home safety and escape plan. Stress the importance of clear pathways and exits. Practice the plan often. Exit routes may change as new items are brought into the home.
- ✓ Install working smoke alarms in the home. Test them at least once a month.
- ✓ Reach out to community resources. Talk to members of the fire department to alert them of your concerns. They may be able to connect you with members of a hoarding task force for additional help.

FINANCE DEPARTMENT

DON'T FORGET TO REGISTER YOUR PETS FOR CALENDAR YEAR 2024!!

Why should you license your pets?

Being a pet owner requires all sorts of responsibility. One that is often overlooked is registering your pet with your city government and getting him/her licensed. The American Humane Association indicates that 62% U.S. households own a pet. Another national average indicates that only 16% of pets are estimated to be licensed in the United States. Failing to license your pet can hinder your chances of getting him back if he/she gets out without you.

If the above isn't reason enough for you to properly register your pets, here are a few more reasons why you should:

1. If your pet goes missing, having him/her licensed drastically improves your chances of getting him back.

A license tag helps animal protection and shelters quickly identify your pet and get him back to you safely. Animals that are licensed tend to be kept at the shelter longer than unlicensed animals.

2. Licensing lets people know that your pet is up to date on its rabies vaccinations. An animal cannot be licensed unless it is properly vaccinated. Animal control or a Good Samaritan will be much more likely to want to handle and care for your missing pet if they know that it is healthy and sans rabies.

3. License fees support the efforts of many local animal shelters. If you purchase your pet license at the Humane Society, half of the annual fee that you pay to license your pet goes to the shelter to help keep the shelter running.

Be a Good Citizen – License your Pet!!

Pet licenses may be purchased at City Hall; you may purchase at the Humane Society; or you may apply for a license by mail.

What is required to get a license?

In order to apply for an animal license, you must provide a certificate showing that your pet is up to date with its rabies vaccinations. Animals over four months and older must be licensed.

City of Clinton Animal License

Application/Renewal Form

Kindly complete this application to include current rabies vaccination information and return it by mail with the appropriate fee to: City of Clinton, P O Box 2958, Clinton, IA 52733-2958. We will mail the license and animal tag back to you. In person: please visit the Finance Office located in the lower level of City Hall at 611 S 3rd Street. Please complete one application for each of your animals.

COMMUNITY DEVELOPMENT: CODE ENFORCEMENT

Trees 98.06

The next couple of months are perfect for heavier pruning of trees which should be done when the tree is dormant and before active growth begins. This is a great time to trim up those branches that are overhanging the sidewalks and roadways.

City ordinance states all tree branches overhanging the City streets must be trimmed to 13 feet above street level and 9 feet over sidewalks. Bushes close to a sidewalk or street need to be trimmed back away from the area to ensure safe passage as well as ensuring there is no obstructing of vision. This is also a good time for checking your trees for dead branches that might fall during storms as well as if the tree is dying or diseased.

City Garbage / Recycling Totes 50.23

This is a great reminder this time of year, as with snow falls your carts can and will be buried by the snow plow if they are left out at the street. We get many complaints regarding carts being left out in the street or blocking sidewalks. Be courteous to your neighbors. Please remember to bring your totes back up to your house after they have been dumped, do not leave them out in the street or curb area; this is how they get damaged or stolen.

“(2) No solid waste, garbage container or yard waste container or single-stream recycle container shall be deposited by any person upon any sidewalk, crosswalk or roadway, or upon any alley right of way, so as to obstruct or block pedestrian movement or vehicular traffic.

(3) No person shall deposit a garbage, yard waste, or single-stream recycle container upon the parking, terrace or alley more than 12 hours before the date designated for garbage, yard waste, or recycle collection. No person shall allow garbage, yard waste, or single-stream recycle containers to remain on the parking, terrace or alley for more than 12 hours after the date designated for solid waste collections.

(4) All garbage, yard waste, or recycle containers shall be stored behind the front yard building setback, except when placed on the parking, terrace or alley on the designated date of collection.”

SIDEWALK SNOW / ICE REMOVAL RESPONSIBITLY 97.027

Residential sidewalks

Sidewalks need to be cleared of snow and/or ice to ensure the public safety. Tags will be placed on doors of residential properties if a complaint is received regarding sidewalks not being cleared after 48 hours of the even stopping.

Business district sidewalks

(1) Sidewalks on the following streets are hereby defined as business district sidewalks:

- (a) Main Avenue between Harding and Third Streets;
- (b) North Second Street between Twenty-Third Avenue and Main Avenue;
- (c) Fourth Avenue South between First and Third Streets;
- (d) Fifth Avenue South between First and Fourth Streets;
- (e) Sixth Avenue South between First and Fourth Streets;
- (f) Seventh Avenue South between Second and Fourth Streets;
- (g) Eighth Avenue South between Second and Fourth Streets;
- (h) First Street between Fourth and Seventh Avenues South;
- (i) Second Street between Third and Eighth Avenues South; and
- (j) Third Street between Fourth and Eighth Avenues South.

In the event snow and/or ice remains on a business district sidewalk for more than 12 hours after

the snow stops falling, or after ice forms, the City may remove the snow or ice from the sidewalk. The cost of the actual removal, plus a filing fee will be assessed against the property.

Sidewalks other than business district sidewalk

This division applies to all sidewalks not defined as business district.

In the event snow and/or ice remains on the sidewalk for more than 48 hours after the snow stops falling or after ice forms, the City may remove the snow or ice from the sidewalk. The costs of actual removal, plus a filing fee will be assessed against the property.

Dumping of Snow 97.010

A friendly reminder as we are into winter as to what you should not do when shoveling or plowing snow.

It is unlawful for any person to throw, push or place or cause to be thrown, pushed or placed, any ice or snow from private property, sidewalks or driveways onto the traveled way of a street or alley so as to obstruct gutters, or impede the passage of vehicles upon the street or alley or to create a hazardous condition therein; except where, in the cleaning of large commercial drives in the business district it is absolutely necessary to move the snow onto the street or alley temporarily, the accumulation shall be removed promptly by the property owner or agent. Arrangements for the prompt removal of the accumulations shall be made prior to moving the snow.

Signs in the Right of Way 159.048

Signs are not allowed in the right of way, unless you apply for a permit. If someone places a sign in the right of way in front of your property please remove the sign from the area. If you give permission to a contractor to put their sign out during or after they have done work for you, please ensure this sign is placed on your property and not in the right of way.

“(3) No sign or banner, or part of any sign or banner, shall be placed on or overhang the traveled portion of any public street or alley, except on a temporary basis and upon a finding of the City Administrator that the sign or banner advertises a public event of general importance to the city, and only if the City Engineer determines the proposed sign or banner can be suspended safely without obstructing sight-lines or obstructing travel on the roadway. Any such sign or banner shall be approved by City Administrator stating the reasons why the sign or banner complies with this division (W)(3), the dates during which the sign or banner may be hung, the exact location and height of the sign or banner, and an exhibit depicting the sign or banner proposed. No sign or banner shall be affixed to any city pole or other city property without the express written consent of the City Administrator. The applicant shall be civilly liable for any damage to city poles or other property resulting from the fastening or erection of any banner on said poles or other property.

(4) No sign, except as provided for in this division, shall be erected on or overhang any public right-of-way. Wall or fascia signs (division (T)(3)(c) above), projecting signs (division (T)(3)(e) above) and signs on awnings, canopies and marquees (division (T)(3)(h) above) may overhang a public right-of-way, excluding the traveled portion of a public street or alleyway.”

Nuisance Abatement Chapter 90

The City's nuisance ordinance regulates those situations that can be defined as a public nuisance. These can include, but are not limited to, such things as the accumulation of junk and garbage on private property, snow not shoveled off the public sidewalks, the storage of inoperable vehicles, graffiti, dead trees on private property and vacant buildings.

You can register a complaint as well as access the complete nuisance ordinance on the City's website.

UPCOMING LIBRARY PROGRAMS

Writer's Workshop

2nd Saturdays | 12:30pm - 2:00pm

For teens and young adults-come and explore your writing skills and find support and critique from fellow writers. Our writer's workshop is intended to give you an allotted time and space to work on your creative ventures alongside other writers, and allow you the opportunity to receive feedback on your work. We will also be providing a writing prompt each month for those who would like some inspiration. Come meet other writers and bring your ideas to life!

#52Stories

Hy-Vee Market Grille (901 S. 4th Street) | Saturday, January 6th | 1:30pm - 3:00pm
Hy-Vee Market Grille | Saturday, February 3rd | 1:30pm - 3:00pm
Clinton Public Library | Saturday, March 2nd | 1:30pm - 3:00pm

On every headstone or plaque, there are two dates separated by a dash. How do you define your dash? The #52Stories genealogy project provides the inspiration you need to write down one story every week for a year by using a handwritten journal, blog, voice, or video recording. During this meeting we will chat about what we are doing with our own #52Stories project by sharing our stories & photos. We will meet the first Saturday of the month unless otherwise noted. **Registration is encouraged**, please call (563) 242-8441 or register through our online calendar.

Lyons Reads Book Club -Winter Hours!

Hy-Vee Market Grille (901 S. 4th Street) | Saturday, January 27th | 10:30am - 12:00pm
Clinton Public Library | Saturday, February 24th | 10:30am - 12:00pm
Clinton Public Library | Saturday, March 23rd | 10:30am - 12:00pm

This book club is relaxed and we have fun conversations about books and authors. We each read our own book and discuss it with our group. Registration is encouraged, please call (563) 242-8441, or register through our online calendar. This meeting will be at the Hy-Vee Market Grille, 901 S. 4th Street.

Spice Club

Clinton Public Library | Saturday, March 23rd | 2:00pm - 3:00pm
Clinton Public Library | Saturday, April 27th | 2:00pm - 3:00pm
Clinton Public Library | Saturday, May 25th | 2:00pm - 3:00pm

If you enjoy trying new spices, recipes, and meeting new people, join Spice Club! We welcome all levels of cooking experience and diets and want to help you take your cooking to the next level. At each monthly meeting you will be provided with a spice kit that includes some information and history of a featured spice or spice blend, a pre-measured sample of that spice, and a couple of recipes. We will meet the 4th Saturday of the month unless otherwise noted. It is not required, but feel free to bring samples of what you made to our meetings! **Registration is required**. Please call (563) 242-8441 or register through our online calendar.

The Plarn Project

Clinton Public Library | Saturday, March 16th | 1:00pm - 2:00pm
Clinton Public Library | Saturday, April 20th | 1:00pm - 2:00pm
Clinton Public Library | Saturday, May 18th | 1:00pm - 2:00pm

Plarn is plastic yarn that is made from plastic shopping bags. This material is used by local volunteers to make comfortable sleeping mats for the homeless. Upcycling these plastic bags is a way to help our community and also reduce the amount of plastic going into landfills. If you are interested in donating clean plastic grocery bags & cutting them, please join us to learn more about this project. We will meet the 3rd Saturday of the month unless otherwise noted. **Registration is encouraged**, please call (563) 242-8441 or register through our online calendar.

Wiggle Time - Tuesdays at 10:30 am

Children 0-3, Join us for Wiggle Time! We will have songs, toys, and bubbles for you and your baby/toddler to interact. This is a great chance for kids and caregivers to socialize with each other and their peers.

Storytime - Wednesday & First Saturdays at 10:30AM

Aimed for Pre-K, ages 3-5, but all ages are welcome. Join us for fun stories, songs, and a puppet show. We usually have a craft available afterwards.

Afternoon Adventures - Wednesdays at 3:00PM

K-6th graders are invited to join us starting at 2:30 for fun STEAM activities. Join us for some hands on learning and fun! Activities range from 45 minutes to 75 minutes long depending on the activity. Caregivers are encouraged to join with their younger children. Sign in is required from caregivers and if they are not joining their children for the activities, we encourage them to stay in the building. Children under the age of 8 are not to be left alone in the building without a caretaker at least the age of 14.

FINANCIAL ASSISTANCE FOR YOUTH SPORTS

Financial assistants available for youth sports if child qualifies for free and reduced lunch. Must provide letter from school for each school year.

SPRING YOUTH SOCCER

Register online www.cityofclintoniowa.gov/Departments/Registration – choose Youth League

Come take part in one of the area’s largest youth soccer programs. This program is designed to teach the fundamentals of soccer to participants ages 3 through 8th grade. Children will learn the fundamentals of soccer through practices and games through instruction by volunteer coaches. Games consist of smaller sided play to ensure more quality touches of the ball during games. Roster sizes will vary depending on number of registrations for each league.

There are 9 leagues available including Preschool (co-ed), K-1st Grade Boys, K-1st Grade Girls, 2-3rd Grade Boys, 2-3rd Grade Girls, 4-5th Grade Boys, 4-5th Grade Girls, 6-7-8th Grade Boys and 6-7-8th Grade Girls. Participants are registered by the school they attend. Based on their grade during the 2023-2024 school year.

- *Request will be limited**
***Parents/Guardians will fill out a Player Evaluation to help with team assembly**
1. Beginner 2. Intermediate 3. Advanced

LOCATION: Jurgenson Soccer Complex - Clinton, IA
Possible Games in DeWitt, IA (4th/5th Grade and Middle School)
DAYS: Saturday and some Tuesday’s/Thursday for (Pre-K, K-1,2-3)
DATES: April – 13, 20, & 27, May 4, 11, 18 (Rain date June 1)
AGES: 3 years old through 8th grade (2023-2024 school year)
Registration Period: Now through Thurs, March 14th (Don’t forget you can register online)
Participant Fee: \$48 Financial Assistance Fee: \$29
Late Registration thru March 20 (Only if availability permits): Late Fee: \$55

GIRL’S YOUTH SOFTBALL

DIVISIONS: **Juniors: 5th & 6th & 7th Grade**
 Majors: 2nd, 3rd & 4th Grade

REGISTER BY: Drafted League
V.S.E. Held at Emma Young Park (see description below)
NOTIFICATION BY COACH: After April 11th
PRACTICE LOCATION: Emma Young, Chancy, Mayer Park
PRACTICES BEGIN: Week of April 15(tentatively)
GAME TIMES: 5:30pm or later
GAME SITE: Emma Young Softball Complex/Platt Park/Westbrook Park
Rural community fields possible

GAME DAYS: All Leagues: M - F Possible (once or twice weekly)
REGISTRATION PERIOD: Now thru April 4th
Fee: \$54 per person Financial Assistance: \$33 Late Registration \$61 if available
After these deadlines, participants will be placed on teams by the Department.

*** A VISUAL SKILL EVALUATION (V.S.E.)** is a time when the coaches have a chance to review players’ relative skill and athletic ability. Each player will 1) bat (4 pitches) from a pitching machine, 2) run the bases to 2nd base, 3) field two ground balls thrown by a coach, 4) catch a pop fly, 5) throw each of the ground balls and pop fly to a player at 1st base and 6) pitch 5 pitches to a stationary target. The coaches will use a player identification system in evaluating each player and use the information gained in the V.S.E to draft their respective team at the coaches’ meeting. Players will be identified by the school at which they registered, but the team selection process is determined solely by the selections made by the coaches. Each player registered is guaranteed placement! Contact us if attendance is not possible on the V.S.E day.

V.S.E. TIMES: **Juniors; Tuesday, April 9th Emma Young JD field, 5:30pm**
 Majors Wednesday, April 10th Emma Young JD field, 5:30pm

Players will need to complete a “VSE” only once while involved in the “Major” league, then once in “Junior” league. In the second year of each league, the player will be excused from the V.S.E. as they are automatically placed on the previous year’s team, unless a re-draft is requested.

20TH ANNUAL CHILDREN’S GRAND EASTER EGG HUNT

SATURDAY, MARCH 23, 2024

(Rain Date March 30 same times)

Please join us for an afternoon of fun and celebration. There will be separate hunts for the different age groups, with thousands of eggs filled with candy and prizes donated from local merchants and the community. Come and hunt, or just watch and enjoy! Thanks Clinton Kiwanis and Parks and Rec

LOCATION: Riverview Park (at the Bandshell)
WHO & TIME: 1pm meet and greet with Easter Bunny
1:30pm Hunt starts for kids ages 4 -10. The 4 year olds will start the hunt with the 5-10 years following. Each age group will promptly follow the previous group.

SPECIAL NOTES: Parents are not allowed in the hunt areas
Sponsored by: Clinton Kiwanis Club & Clinton Parks & Recreation Department

NEW: ONLINE REGISTRATION SYSTEM

The City of Clinton Parks and Recreation will launch a NEW online registration portal (RecDesk). This system will allow registered users to reserve park shelters and other facilities, as well as register for programs, memberships and classes as they are available. The online registration system includes a secure online payment portal. To set up your household account go to www.clintoniowa.recdesk.com. Start by creating the primary/head of household account. Then add your other household members.
Note: for all credit card transactions, a 1.5% service fee will be charged.

If you currently have an active fitness membership, set up your account as instructed above. We will then need you to stop by the office and activate your payment in the new online system. Stay tuned for special hours for this to be completed. Then we will activate your current FOB in the new system and you are good to go. Thanks for your patience during this transition. Register now for Spring Soccer. You can also stop by The Rec and continue to register as always in person.

RV CAMPGROUND—CLINTON MARINA

9th Avenue N and Riverview Dr — April 30-Oct 15 running water. First come first served \$22 day. When no running water \$15 a day. Call 563-242-3600 for more information.

Weather permitting. Times available daylight Monday through Friday (weekdays) and Saturdays. Reservations are available until league play begins (specific for each night). Reservations must be made within one week of scheduled usage. Made for one hour beginning on the hour. Lights are not available. Facility reservations take precedent over drop-in practice.

Softball Umpire's Meeting: Wed April 24th, 5:30pm - 7:30pm ECC
USA Test, work schedule, and playing rules discussion.

LEAGUE “ULTIMATE”

“The integrity of Ultimate relies upon a spirit of sportsmanship that places the responsibility for fair play on the player. Competitive play is encouraged, but never at the expense of mutual respect among competitors, adherence to the rules, or the basic joy of play.”

“Ultimate” is a non-contact disc sport played by two co-ed teams of six players. The object of the game is to score a goal by a player catching any legal pass in the end zone... A player may not run while holding the disc. The disc is advanced by passing it in any direction to other players. If a pass is incomplete or a turnover occurs, the play results in an immediate change of team possession of the disc. Play governed by the Ultimate Players Association (UPA).

ENTRY FEE: \$70 per team
ENTRY PROCEDURE: Due Date: Thursday, May 16th by 5:00 PM
League Entry Forms available from the Dept. Office or online
1) Minimum Roster 2) Team Manager Information 3) Entry Fees Paid

Session 1 – February 27, 2024 | Session 2 – April 9, 2024

DOG AGILITY TRAINING AT RIVERVIEW POOL BATHHOUSE

This course gives dogs exposure to jumps, contact obstacle, weave poles, and the basics of canine agility. All breeds of non-threatening dogs allowed, AKC certification not required. Owners must provide a leather or nylon leash and collar.
PREREQUISITES: Dogs must be 6 months old minimum. Handler must show proof of successful completion in a dog obedience class prior to participation.
LIMIT: 5 minimum, 8 maximum
DAY & TIME: Saturdays; 2:30pm - 3:30pm
Session 1 – March 2 - April 6
Session 2 – April 13 - May 11
FEE: \$40 (Late fee \$47 if space available)

PUPPY AND DOG OBEDIENCE AT RIVERVIEW POOL BATHHOUSE

Now a combined class for puppies at least twelve (12) weeks of age and all ages of dogs. This class is designed to introduce you and your dog to collar and leash, to endure handling and to obey simple commands. Also, helpful hints on grooming, housebreaking, gnawing and chewing. This class is designed to help you learn how to train your dog; being consistent with your commands, knowing what verbal commands and the hand signals to give your dog. The canine good citizenship test will be taken during the final class. Recommended that the same person should handle the dog at each session.
LIMIT: 6 minimum; 10 maximum
DAY & TIME: Saturdays; 1:00pm - 2:00pm
Session 1 – March 2 - April 6
Session 2 – April 13 - May 11
FEE: \$40 (Late fee \$47 if space available)

CLINTON PUBLIC LIBRARY CONTINUED

THE LIBRARY BOARD

The Board of Trustees meet on the third Monday of each month at 5:15pm. Meetings are open to the public. The Library Board of Trustees is the governing and policy-setting body of the public library, in accordance with the Code of Iowa, Chapter 392, Section 392.5. The Board is composed of nine residents of the City of Clinton who are appointed by the Mayor. Five must be in attendance to reach quorum. Appointments are for six years and the terms are staggered. We have a variety of occupations and ages on our board and each member offers a unique perspective of our community.

The Library Board splits into committees outside of the usual board meetings to discuss a variety of issues and ideas surrounding library operations. All board members who participate on the board are a part of at least one committee. This gives the board members a chance to have more in depth conversations and bring it to the whole board at meetings for recommendations on decisions that need to be made.

The Building Committee makes recommendations and reports to the Board of Trustees on matters of property and buildings at such times as requested by the Board. The Finance Committee, in conjunction with the Director, prepares the annual budget and any necessary revisions for the approval of the Board. The Library Committee is responsible for the internal programming and public relations of the Clinton Public Library. The Personnel Committee works closely with the Director in developing and recommending personnel policies with regard to staff positions, salaries and benefits. And, the Community Relations Committee recommends to the Library Director and the Board of Trustees ways in which the citizens of Clinton can be made more aware of the services that are available to them at their public library. The committee shall also be responsible for locating sources of revenue for library projects and initiating the process of writing requests for grants.

Are you looking for some good quality books to purchase at a low price? Well, search no further! The Friends of the Library Bookstore supports the library with every purchase. Follow the Friends on Facebook for updates for new hours.

February is National Library Lovers' Month! Here are some ways to support us.

JOIN

Sign up for a library card and use it! It's your ticket to free books, resources, and much more.

DONATE

With your support, we can offer even more services to you and the rest of our community.

VOLUNTEER

With the help of volunteers like you, the Friends of the Library Bookstore keeps their doors open. (Keep a lookout for them in the Lyons District soon!)

BUILDING & NEIGHBORHOOD SERVICES

IS THERE MOLD IN YOUR HOME!

Why is mold growing in my home? Molds are part of the natural environment. Outdoors, molds play a part in nature by breaking down dead organic matter such as fallen leaves and dead trees, but indoors, mold growth should be avoided. Molds reproduce by means of tiny spores; the spores are invisible to the naked eye and float through outdoor and indoor air. Mold may begin growing indoors when mold spores land on surfaces that are wet. There are many types of mold, and none of them will grow without water or moisture.

Can mold cause health problems? Mold can cause an allergic reaction in some individuals. About 50% of the population of the United States is allergic to mold. If you are NOT allergic to mold, it is unlikely that you will have health effects from mold exposure. If you are allergic to mold, your reaction depends on how sensitive you are to mold. Symptoms of an allergic reaction are

1. Itchy or watery eyes, runny nose.
2. Sinus drainage.
3. Respiratory discomfort, and
4. Cough.

How do I get rid of mold? It is impossible to get rid of all mold and mold spores indoors; some mold spores will be found floating through the air and in-house dust. The mold spores will not grow if moisture is not present. Indoor mold growth can and should be prevented or controlled by controlling moisture indoors. If there is mold growth in your home, you must clean up the mold and fix the water problem. If you clean up the mold, but don't fix the water problem, then, most likely, the mold problem will come back. Below are steps you can take to help eliminate mold:

1. Fix the source of the water problem or leak to prevent mold growth.
2. Reduce indoor humidity (to 30-60%) to decrease mold growth by:
 - Venting bathrooms, dryers and other moisture-generating sources to the outside
 - Using air conditioners and de-humidifiers
 - Increasing ventilation
 - Using exhaust fans whenever cooking, dishwashing and cleaning
3. Clean and dry any damp or wet building materials and furnishings within 24-48 hours to prevent mold growth.
4. Clean mold off hard surfaces with water and detergent, and dry completely.
5. Prevent condensation: Reduce the potential for condensation on cold surfaces (i.e., windows, piping, exterior walls, roof, or floors) by adding insulation.
6. Fix plumbing leaks and other water problems as soon as possible. Dry all items completely.
7. Absorbent or porous materials, such as ceiling tiles, carpet, toys, stuffed animals, bedding, and books, may have to be thrown away if they become moldy. Mold can grow on or fill in the

empty spaces and crevices of porous materials, so the mold may be difficult or impossible to remove completely.

8. If you are unsure about how to clean an item, or if the item is expensive, or of sentimental value, you may wish to consult a specialist.
9. Bathroom Tips - Places that are often or always damp can be hard to maintain completely free of mold. If there's some mold in the shower or elsewhere in the bathroom that seems to reappear, **increasing ventilation** (running a fan or opening a window) and **cleaning more frequently** will usually prevent mold from recurring, or at least keep the mold to a minimum.

Should I test my house or apartment for mold? No, the Iowa Department of Public Health does NOT recommend testing for mold for several reasons:

1. Mold is present at some level in outdoor air throughout the year so testing may be unreliable.
2. It is very difficult, even for professionals, to get meaningful test results.
3. Mold testing can be very costly.
4. There are no regulatory levels or guidelines for comparing testing results.

Who should do the cleanup? Who should do the cleanup depends on a number of factors, one consideration is the size of the mold problem. If the moldy area is less than about 10 square feet (less than roughly a 3 ft. by 3 ft. patch), in most cases, you can handle the job yourself, following the guidelines herein. However:

1. If there has been a lot of water damage, and/or mold growth covers more than 10 square feet, consult a professional restoration or mold removal company.
2. If you already have a mold problem ACT QUICKLY. Mold damages what it grows on. The longer it grows, the more damage it can cause. Leaky window – mold is beginning to rot the wooden frame and windowsill.
3. If you choose to hire a contractor (or other professional service provider) to do the cleanup, make sure the contractor has experience cleaning up mold. Check references!

If you are dealing with mold issues and your property is a rental, communicate concerns to your landlord and assist in creating a plan to address concerns. We recommend all concerns be shared with your landlord in writing. If repairs are required please allow the property owner time to scheduled and make required repairs. If your mold problem is created by a lack of maintenance, water leaks, deteriorated walls or window sills, or lack of weatherization and repairs are not taking place, please contact Building & Neighborhood Services at (563) 244-3360 to file a rental complaint. Mold growth not created by a lack of maintenance, like mold on shower or bathing surfaces, is not a rental violation and must be removed by the tenant and /or property owner.

YWCA CLINTON

Eliminating racism, empowering women and promoting peace, justice, freedom and dignity for all in the Clinton community and surrounding area for 108 years.

CHILDCARE & YOUTH

YWCA Clinton proudly offers childcare for ages 6 weeks to 11 years at two convenient locations.

Extended care childcare is available at the YWCA Downtown Campus, 6am-9pm, Monday - Friday.

Our childcare curriculum supports our philosophy and belief that children learn best when they are actively engaged in play.

Modeled after the Creative Curriculum Program used in our Preschool, our childcare curriculum engages children's minds, allowing them to obtain a deeper understanding of the everyday world around them.

Downtown Campus 317 7th Ave S, Clinton, IA 52732 Monday-Friday 6:00am-9:00pm
Lyons Campus 250 20th Ave N, Clinton, IA, 52732 Monday-Friday 6:00am-5:30pm
